The Niagara Centre Skating Club encourages all of our members – from CanSkate /CanPower to Adult Skate – **to consider taking private lessons**. Private lessons excel a skater's development and are the gateway into many of our exciting program offerings – including participation in competitions and the Skate Canada testing stream. Each of the members of our coaching staff is **certified under the National Coaching Certification Program (NCCP)** and must obtain an **updated First Aid certification**. Private lessons are **booked directly through the coach of your choice** and many also offer semi-private or small group lessons. Private lessons may be taken on a session adjacent to your group lesson and/or during additional StarSkate sessions.

Contact a coach today to inquire about availability or to learn more about private lesson options!
